*Orting Park &  
Recreation*

Dear Vendor,

Orting Chamber of Commerce and the City of Orting are pleased to invite you to *Travel the Trail to Orting* and help us celebrate the 16th Annual *Festival in the Park*! This year's festival will be on Saturday August 16, 2008, in beautiful downtown Orting.

We have made some changes in the applications and their processing. There have been changes to the Applications as well as the Rules and Regulations, please read them thoroughly. We will no longer be supplying Pierce County Food Permits for food vendors. Contact the Tacoma-Pierce County Health Dept. at [www.tpchd.org](http://www.tpchd.org) or 253-698-6460. We will continue to provide the city business license to cover all vendors.

We will not be collecting commissions for the 2008 festival; however, we will be collecting a revenue report from each vendor. This will help us to gauge the participation of the festival.

This year's festival will continue to be Orting's premier community festival. Years of volunteer work and community commitment have built the festival into the annual family oriented community festival it is today. We are committed to carry on and build on that history. We are excited to have you as a participant!

We will continue the free train rides and in addition will be adding free horse-drawn carriage rides. There will be stages in the main park as well as in the north park, skate park activities and demonstrations, great food, crafts, artisans, cars, raffle, games, farm equipment, sporting goods & groups, and more!

The festival committees meet the first Tuesday of each month at the Multi-Purpose Center, 202 Washington Ave. S., Orting, WA. We invite each of you to come and visit, share input, ideas, concerns and help continue a wonderful tradition in Orting.

If you have any questions regarding your application or for more information, please call (360) 893-6856 or e-mail to [Traditional\\_Moments@comcast.net](mailto:Traditional_Moments@comcast.net).

Thank you,  
Debora Klingenberg  
Event Coordinator
